Conemaugh Valley School District's Equity Plan

The Conemaugh Valley School District believes in equitable access to the best instruction for all students. The district is committed to implementing best practices in all classrooms to improve the achievement of all students.

The following items are included as part of the equity plan:

- District/School Accountability Status
- District/School Poverty Percentage
- District/School Minority Percentage
- Teachers' HQT Status
- Teachers' Experience Percentage

Pennsylvania's Definition of Highly Qualified Teacher

To satisfy the definition of a Highly Qualified Teacher, teachers must:

1. Hold at least a bachelor's degree.
2. Hold a valid Pennsylvania teaching certificate (i.e. Instructional I, Instructional II or Intern certificate but NOT an emergency permit) **AND**
3. Demonstrates subject matter competency for the core content area they teach.

The Conemaugh Valley School District only hires Highly Qualified Teachers and Paraprofessionals.

*At the elementary school, all students are taught by 3 inexperienced teachers (less than 3 years teaching experience): the Physical Education teacher, Career Education teacher, and STEAM teacher. At the high school, all students are taught by an inexperienced (having less than 3 years teaching experience) Physical Education teacher.

Summary

The Conemaugh Valley School District utilizes various strategies to ensure low-income and minority children enrolled in our Title I school are not served disproportionately by ineffective, out-of-field, or inexperienced teachers. These strategies include:

- Advertising for, interviewing, and hiring teachers that are certified to teach in the areas we have vacancies in.
- Ineffective teachers are put on improvement plans and not issued permanent teaching certificates if they do not meet the high standards we expect.
- Inexperienced teachers are dispersed throughout the grade levels as best as possible so that one grade level does not have a high concentration of newly hired teachers. Newly hired teachers take part in a mentor program to help ensure their success.
- CVSD will continue to monitor the distribution of the teaching staff with experience equally in the elementary and JR/SR high school.
- Staff members receive frequent, meaningful professional development to meet the diverse needs of our student population.
- All teachers for the 2024-2025 school year are properly certified to instruct in assigned areas and grade levels.

How will the LEA determine whether or not the strategies are effective in addressing disparities?

In order for us to determine if the strategies are effective or not, we use a number of measures:

- Teacher evaluation tool (82-1)
- Administrative observations
- Local and state assessments
- PVAAS data
